

Music Department of Melbourne SDA Church

Once again we have enjoyed the blessing of the Lord in our music ministry this year (2007 to 2008.) The Chancel Choir presented three vesper programs as well as furnishing music for the worship service at least once a month. In addition, we sang in the South Brevard Church twice and one of our most enjoyable activities was Christmas Caroling to our shut in members. We plan to make this an annual event.

In addition to the Chancel Choir, we also have a women's choir, an a cappella group and most exciting of all a children's choir. Look for music by all of these groups in the coming months. And speaking of the coming months, now is the time to think about joining the choir. We will begin rehearsals the first of August and will be working on all new music so you will be able to learn along with all of the other singers.

Don't think you need to be a trained musician to sing in the choir. Most of the singers do not read music but learn their parts by singing them. There is no audition and no one is embarrassed in any way. We rehearse on Tuesday evenings at 7:00 pm. We have a very pleasant fellowship time together and I am sure if you gave it a try you would find that you would enjoy it very much. Please give the idea thought and prayer and see if the Lord is calling you to this pleasant ministry. Carol Hearn
