

## **Pathfinder and Adventurer Clubs**

The Pathfinder & Adventurer Club is the uniformed group of the Adventist Youth Society. It caters to the physical, social and spiritual needs of the youth in a practical way. This semi-military organization teaches children aged 6-15 discipline and helps them adopt a Christ-like disposition. Activities within the club include: camping, hiking, drilling & marching, tying knots and learning first aid. The Pegasus Pathfinder and Adventurer clubs meet on Sunday mornings at 8:30.

### **Directors' Note**

Pathfinding makes a young person an outstanding individual. The Pathfinder and Adventurer Clubs offer opportunities for growth in many different aspects of life. Moral values and good attitudes are inculcated and as a result members become well-rounded Christians, contributing positively to the wider community. Teaching spiritual principles through practical activities is the main objective of the club and as such whatever is done by the members carries a spiritual lesson. It is a joy leading this vibrant set of youngsters who are on fire for the Lord. Every youth should get the opportunity to be a part of a pathfinder club. It is my firm belief that pathfinding adds immeasurable value to every committed pathfinder and adventurer. Be a part of the Pegasus Pathfinder Club today and make Jesus your friend.

Yours in the Master's Service

James Lee
